**Wire & Gas 'tee up for training'** is Australasia's biggest and most beneficial showcase for automotive technicians working in air conditioning, electrical and cooling.

**Hosted by VASA – Automotive Air-conditioning, Electrical and Cooling Technicians of Australasia,** Wire & Gas is held every two years, attracting the best trainers, exhibitors and speakers.

Starting with the golf tournament on Friday 11 June 2010, Wire & Gas 'tee up for training' will treat delegates to an action packed few days of fun and friendship, discovery and inspiration.

Ten of the country's best trainers in air conditioning, heat exchange, electrics, electronics and business development will help you cope with the future and more than 40 trade exhibitors will bring out their new parts, tools and equipment.

Make it a mid-year break for you and the family. We're planning a big partner's program, and there will be plenty of action for the kids in the most picturesque and spacious resort on the Gold Coast.
